Message: My name is Cynthia Bustos. I met Lynette when we worked together at a Kids Dental office. I've known her for 6 years and we have built a meaningful friendship in that time. This friendship was built around our mutual love of horses. I have always loved horses and wanted to purchase one of my own. With Lynette's ability to pair the right horse with the right person I was able to purchase the perfect horse for my specific needs.

After the purchase of my horse I was able to assist Lynette on her trail rides at Camanche Lake. I can attest to the fact that Lynette has never led clients on trail rides on the 4 Horse ranch property. Clients will either meet us at a public place or at Camanche Lake. I have learned from being a horse owner that a horse needs to be worked and trained to be usable, safe and healthy on a trail ride. Many of Lynette's friends and family help work her large herd. There is often a group of friends and family enjoying eachothers company, love for horse and time together as a family. This may be what some neighbors are misunderstanding about what is going on at the ranch.
