

Replace feed lot use classification under 17. 42.060 on p. 248 with the following:

Feed Lot. Confined animal feeding operation where cattle and/or other livestock are concentrated in numbers per acre without the limitations of section 17.25.070, Animal Production, and fed, without reliance on grazing, prior to slaughter. Does not include livestock auctions and sales yards, places where feeding is incidental, pens for weaning or doctoring and locations used for youth projects such as 4-H, Future Farmers of America and youth Grange.
